Traveler safety tips

1. Do not open the door of your Hotel room without verifying who it is. If a person claims to be an employee, call the Front Desk and ask if someone from the staff is supposed to have access to your room and for what purpose.

2. When returning to the Hotel in the late evening, use the main entrance of the Hotel.

3. Close the door securely whenever you are in your room, and use all of the locking devices provided.

4. Do not needlessly display guest room keys in public or carelessly leave them on restaurant tables, or other places where they can easily be stolen.

5. Do not draw attention to yourself by displaying large amounts of cash or expensive jewelry.

Traveler safety tips

6. Do not invite strangers to your room.

7. Do not leave valuables in your vehicle.

8. Check to see that any connecting room doors are locked.

9. If you see any suspicious activity, please report your observations to HUB (Front Desk).

In case of fire...

When you hear an alarm, do not investigate, do the following:

If the fire is inside your room:

Leave your room and close the door. Report the fire by calling the Hotel Operator or pulling the alarm.

Traveler safety tips

If the fire is not in your room:

Test the door with the back of your hand for heat before opening.

If the door is hot:

Stay in your room. Phone the HUB (Front Desk) for help. Seal around doors and cracks with wet towels. Cover your face with wet towels. Wait for help.

If the door is cold:

Take your room key. Open the door slowly. Walk to the nearest exit and go down to the exterior. If exiting downstairs is unsafe, return to your room and follow the suggestions outlined above.

If the hall is smoky, stay low. Do not use the elevator!
